

3.5v Diagnostic Otoscope

3.5v Diagnostic Otoscope

Halogen HPX™ illumination and fiber optics to the distal tip for easy examinations.

An instrument that provides 30% brighter, whiter light for superior views.

Features

- Halogen HPX™ lamp provides 30% more light output for true tissue color and consistent, long-lasting illumination.
- Fiber optics project cool light to the distal tip with no reflections and no obstructions for superior views of the tympanic membrane.
- Wide-angle viewing lens allows for instrumentation under magnification.
- Sealed system allows for pneumatic otoscopy.

Model Numbers

- 25020: 3.5v Diagnostic Otoscope with Specula (Head Only)
- 25021: 3.5v Diagnostic Otoscope with Insufflator Bulb, and Specula (Head Only)
- 25035: 3.5v Diagnostic Otoscope without Specula (Head Only)

Accessory Numbers

- 23540: MagPlus Otoscope Add-On Magnifying Lens (+2.5D)
- 21504: Otoscope Insufflator Bulb and Tube with Tip
- 200055-502: Lens Holder Assembly (for 20000 and 25020 - pre-1996 models)
- 235005-501: Lens Holder Assembly (for 20000A and 25020A)
- 03100: 3.5v Halogen Lamp
- **Reusable Polypropylene Otoscope Specula:** 2.5mm (24302), 3mm (24303), 4mm (24304), 5mm (24305), Set of Four (24400)
- **SofSpec® Reusable Otoscope Specula:** 3mm (24323), 5mm (24325), 7mm (24327), Set of Three (24420)
- **KleenSpec® Disposable Otoscope Specula:** 2.5mm (52432), 4mm (52434)

Warranty

Welch Allyn will repair or replace, free of charge, any parts of its own manufacture proven to be defective through causes other than misuse, neglect, damage in shipment, or normal wear.

25020 3.5v Diagnostic Otoscope

3.5v Pneumatic Otoscope

Ultra-sealed for easy pneumatic otoscopy.

An instrument that provides 30% brighter, whiter light output and a rotating lens with ultra-seal for pneumatic otoscopy.

Features

- Halogen HPX™ lamp provides 30% more light output for true tissue color and consistent, long-lasting illumination.
- Rotating lens with ultra-seal enables easy pneumatic otoscopy.
- Fiber optic illumination produces cool light.

Model Numbers

20200: 3.5v Pneumatic Otoscope with Specula (Head Only)

20201: 3.5v Pneumatic Otoscope without Specula (Head Only)

20250: 3.5v Pneumatic Otoscope with 12 Diopter Lens and Specula (Head Only)

Accessory Numbers

21501: Otoscope Insufflator Bulb and Tube without Tip

03100: 3.5v Halogen Lamp

- **Reusable Polypropylene Otoscope Specula:** 2mm (22002), 3mm (22003), 4mm (22004), 5mm (22005), 9mm (22009), Set of Five (22100)
- **SofSpec® Reusable Otoscope Specula:** 3mm (22023), 5mm (22025), 7mm (22027), Set of Three (22120)
- **KleenSpec® Disposable Otoscope Specula:** 3mm (52133), 4mm (52134), 5mm (52135)

Warranty

Welch Allyn will repair or replace, free of charge, any parts of its own manufacture proven to be defective through causes other than misuse, neglect, damage in shipment, or normal wear.

20200 3.5v Pneumatic Otoscope

3.5v Operating Otoscope

Open system with rotatable lens and speculum for convenient procedures.

An instrument that provides 30% brighter, whiter light output and an open system for convenience during procedures.

Features

- Halogen HPX™ lamp that provides 30% more light output for true tissue color and consistent, long-lasting illumination.
- Open system is convenient during procedures.
- Rotatable lens and speculum for ease of use.
- Fiber optic illumination produces cool light.

Model Numbers

21700: 3.5v Operating Otoscope with Specula (Head Only)

21701: 3.5v Operating Otoscope without Specula (Head Only)

Accessory Numbers

209026-501: Lens and Attachable Arm

03100: 3.5v Halogen Lamp

- **Reusable Polypropylene Otoscope Specula:** 2mm (22002), 3mm (22003), 4mm (22004), 5mm (22005), 9mm (22009), Set of Five (22100)
- **SofSpec® Reusable Otoscope Specula:** 3mm (22023), 5mm (22025), 7mm (22027), Set of Three (22120)
- **KleenSpec® Disposable Otoscope Specula:** 3mm (52133), 4mm (52134), 5mm (52135)

Warranty

Welch Allyn will repair or replace, free of charge, any parts of its own manufacture proven to be defective through causes other than misuse, neglect, damage in shipment, or normal wear.

21700 3.5v Operating Otoscope

3.5v Illuminators

3.5v Transilluminators

Halogen HPX™ illumination and fiber optic light transmission for easy exams.

Instruments which provide 30% brighter, whiter light output and fiber optic transmission for superior views.

Features

- Halogen HPX™ lamp provides 30% more light output, for true tissue color and consistent, long-lasting illumination.
- Fiber optic light transmission for cool distal light.
- Fully sterilizable with steam, water, gas, and solutions.
- Optional cobalt blue filter (Finnoff models only).

Model Numbers

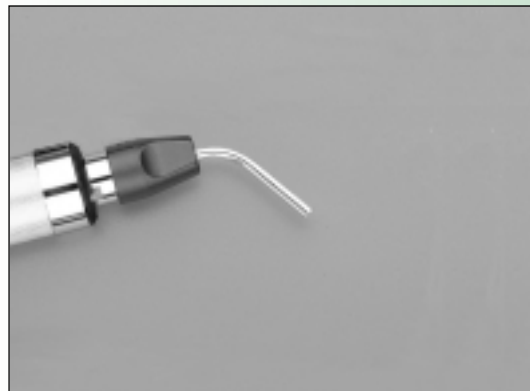

- 43300: 3.5v Curved All-purpose Transilluminator
- 41101: 3.5v Finnoff Transilluminator with Cobalt Blue Filter
- 41100: 3.5v Finnoff Transilluminator

Accessory Numbers

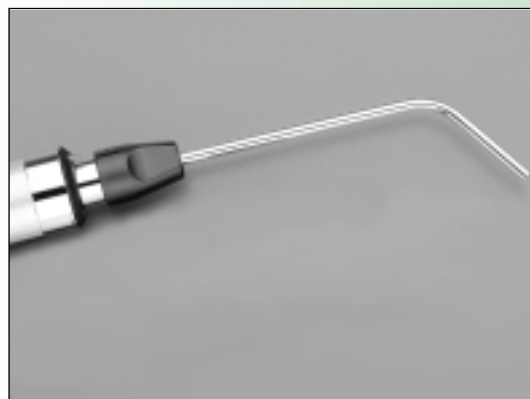

- 03100: 3.5v Halogen Lamp
- 41102: Cobalt Blue Filter Only

Warranty

Welch Allyn will repair or replace, free of charge, any parts of its own manufacture proven to be defective through causes other than misuse, neglect, damage in shipment, or normal wear.

41100 Finnoff Transilluminator

43300 Curved Transilluminator

Get a bigger view. A better view. A sharper view. Only with the new Welch Allyn MacroView™ Otoscope.

Get nearly a full view of
the tympanic membrane

The new Welch Allyn MacroView Otoscope will forever change the way you view the ear — without changing the way you work. This next-generation otoscope features advanced optics that increase magnification while giving you nearly a full view of the tympanic membrane — virtually eliminating the need for panning. What's more, with its easy-to-focus eyepiece, the MacroView allows for enhanced visualization to help you to see past wax, locate fluid behind the eardrum, and even perform exams without your glasses. The bottom line: MacroView gives you a bigger, better, sharper view of the ear — allowing you to perform everyday exams faster and more efficiently.

The Welch Allyn MacroView Otoscope gives you:

- Twice the field of view
- 30% greater magnification than a traditional otoscope
- Nearly a full view of the tympanic membrane
- Better clarity and definition of landmarks
- The ability to adjust focus for variable ear canal lengths or farsighted eyes
- Tip Grip for secure fastening of ear specula, along with ejection feature for disposal
